

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lennard Lund
DOCKET NO.: 17-04381.001-R-1
PARCEL NO.: 03-27-277-018

The parties of record before the Property Tax Appeal Board are Lennard Lund, the appellant; and the Boone County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Boone** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,871
IMPR.: \$33,794
TOTAL: \$76,665

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Boone County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a raised ranch dwelling of frame construction containing 1,320 square feet of living area.¹ The dwelling was constructed in 1992. Features of the home include a full finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 32,234 square foot site and is located in Caledonia, Caledonia Township, Boone County.

The appellant contends land assessment inequity as the basis of the appeal. The appellant did not contest the improvement assessment. In support of the inequity claim, the appellant submitted a grid analysis of four land assessment comparables located in the same neighborhood/subdivision as the subject as defined by the local assessor. The comparables have sites ranging from 11,715 to 30,176 square feet of land area and land assessments ranging from \$11,715 to \$21,381 or from \$.71 to \$1.19 per square foot of land area. Based on this evidence, the appellant requested that the land assessment of the subject be reduced to \$21,973.

¹ The description of the subject's improvement and features was gleaned from the board of review's grid analysis.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the land assessment for the subject of \$43,707 or \$1.36 per square foot of land area.² In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same subdivision as the subject property as defined by the local assessor. The comparables have sites ranging from 10,924 to 25,918 square feet of land area and land assessments ranging from \$14,492 to \$34,383 or \$1.33 per square foot of land area. The board of review contended that appellant's comparable #1 is a "non-active parcel" and that the appellant misrepresented the land sizes of the rest of his comparables. The board of review offered to reduce the site assessment of the subject to \$42,549 or \$1.32 per square foot of land area, which the appellant rejected.

The appellants submitted a rebuttal consisting of seven new comparable sales which included the comparable submitted by the board of review. Section 1910.69(c) of the Rules of the Property Tax Appeal Board states that "[r]ebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties." Based on this rule, the Board finds it can give no consideration to the new sales presented by the appellants in rebuttal.

Conclusion of Law

The appellant contends land assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's land assessment is warranted.

As an initial matter regarding arguments of the parties, the board of review contended that the appellant misrepresented the sizes of three comparables. However, the board of review failed to provide any supporting evidence such as property record cards or plat of survey for appellant's comparables as evidence of the correct square footage. In addition, board of review contended that appellant's comparable #1 is a "non-active parcel" without any further elaboration.

The parties submitted a total of eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2, #3 and #4 along with board of review comparables #2 and #4 due to their smaller size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with board of review comparables #1 and #3. These comparables have land assessments ranging from \$21,381 to \$34,383, or from \$.71 to \$1.33 per square foot of living area. The subject's land assessment of \$43,707 or \$1.36 per square foot of land area is above the range established by the

² The Board finds that the total square footage of the subject is 32,234 as reflected on the property record card which was provided by the board of review. Appellant's disclosed total square footage of 31,036 is less reliable due to lack of collaborating evidence.

most similar comparables in this record. Based on this record, the Board finds that the subject's land improvement was inequitably assessed and, therefore, a reduction in the subject's land assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
