

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nan & Thomas Phillips
DOCKET NO.: 17-05125.001-R-1
PARCEL NO.: 06-21-128-011

The parties of record before the Property Tax Appeal Board are Nan & Thomas Phillips, the appellants; and the DeKalb County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **DeKalb** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,232
IMPR.: \$93,368
TOTAL: \$103,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DeKalb County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and vinyl exterior construction with 3,100 square feet of living area. The dwelling was constructed in 2005. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 660 square foot garage. The property has an approximately .29-acre site and is located in Heron Creek Phase 6 subdivision in Sycamore, Sycamore Township, DeKalb County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted a grid analysis and property record cards of four equity comparables.¹ The appellants also provided a GIS map depicting the location of the subject and the comparables. The comparables consist of two-story dwellings of brick and vinyl exterior construction ranging in size from 3,299 to 3,689 square feet of living

¹ The property record cards submitted by the appellants disclosed that none of the appellants' comparables are located within the subject's subdivision, however each is in the same tax code as the subject.

area. The dwellings were constructed from 2003 to 2007. Each comparable features a full unfinished basement,² central air conditioning, one fireplace and a garage that ranges in size from 696 to 850 square feet of building area. The comparables have improvement assessments ranging from \$66,268 to \$98,547 or from \$19.24 to \$26.71 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$73,284 or \$23.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,600. The subject property has an improvement assessment of \$93,368 or \$30.12 per square foot of living area.

In response to the appeal, the board of review asserted that the appellants' comparables are located outside of the subject's Heron Creek Phase 6 subdivision.

In support of its contention of the correct assessment, the board of review submitted a grid analysis and property record cards of three equity comparables located within Heron Creek Phase 6 subdivision which was described as a planned unit development. The board of review provided a map of the subdivision depicting the location of the comparables in relation to the subject. The comparables consist of two-story dwellings of brick and vinyl exterior construction ranging in size from 2,921 to 3,006 square feet of living area. The dwellings were constructed in 2006. The comparables each feature a full unfinished basement, central air conditioning, one fireplace and a garage that ranges in size from 744 to 836 square feet of building area. The comparables have improvement assessments ranging from \$87,422 to \$96,902 or from \$29.93 to \$32.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparables as none are located in the subject's subdivision. Furthermore, three of the comparables have larger dwelling sizes when compared to the subject.

The Board finds the three comparables submitted by the board of review are most similar to the subject in location, dwelling size, design, age and features. These comparables have

improvement assessments ranging from \$87,422 to \$96,902 or from \$29.93 to \$32.24 per square foot of living area. The subject property has an improvement assessment of \$93,368 or \$30.12 per square foot of living area, which is within the range established by the best comparables in the record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the evidence demonstrates the subject's improvement assessment is justified. Based on this evidence the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
