

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dominik Vassos
DOCKET NO.: 17-05418.001-R-1
PARCEL NO.: 03-17-309-034

The parties of record before the Property Tax Appeal Board are Dominik Vassos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,860
IMPR.: \$109,910
TOTAL: \$158,770

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame construction with 3,485 square feet of living area. The dwelling was constructed in 1988. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 592 square foot garage. The property has an 8,591 square foot site and is located in Addison, Addison Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$390,000 as of January 1, 2016. The appraiser examined five comparable sales with varying degrees of similarity to the subject. The comparables sold from April 2014 to February 2016 for prices ranging from \$360,000 to \$406,000 or from \$116.13 to \$124.50 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,770. The subject's assessment reflects a market value of \$476,358 or \$136.69 per square foot of living area, land included, when using the 2017 three-year average median level of assessment for DuPage County of 33.33% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales with varying degrees of similarity to the subject. The comparables sold from November 2014 to September 2017 for prices ranging from \$330,000 to \$540,000 or from \$131.83 to \$159.04 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the adjustments or lack of adjustments made by the appraiser call into question the veracity of the appraisal report. The appraiser failed to make adjustments for date of sale, age and/or was inconsistent in the finished basement adjustment. Therefore, the Board gives the adjustments found in the appraisal and the final conclusion of value little weight in its analysis.

The Board will, however, consider the raw sales data within the appraisal report. The Board finds the best evidence of market value to be comparable sale #2 contained within the appraisal report and board of review comparable sales #1, #2, #4 and #5. Less weight was given the remaining sale comparables based on their dissimilar lot size, age, dwelling size and/or the date of sale was too remote from the assessment date in question to establish market value as of January 1, 2017. The best comparable sales in this record sold closer to the assessment date in question and sold for prices ranging from \$117.15 to \$145.35 per square foot of living area, including land. The subject's assessment reflects a market value of \$136.69 per square foot of living area, land included, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
