

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Shaw
DOCKET NO.: 17-05656.001-R-1
PARCEL NO.: 06-01-110-008

The parties of record before the Property Tax Appeal Board are Ron Shaw, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$91,000
IMPR.: \$125,450
TOTAL: \$216,450

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick exterior construction with 2,418 square feet of living area. The dwelling was constructed in 1926. Features of the home include a basement and a two-car garage. The property has a 10,890 square foot site and is located in Elmhurst, York Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood code as the subject as assigned by the township assessor. The comparables are improved with two-story dwellings of frame or masonry exterior construction that were constructed from 1907 to 1941 and range in size from 1,490 to 1,872 square feet of living area. Features of each comparable include a basement and a two-car garage. The comparables have improvement assessments ranging from \$63,580 to \$89,580 or

from \$42.67 to \$47.85 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$201,115.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$216,450. The subject property has an improvement assessment of \$125,450 or \$51.88 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables located within the same neighborhood code as the subject as defined by the township assessor. The comparables consist of two-story dwellings of frame, stucco or frame and brick exterior construction ranging in size from 2,126 to 2,651 square feet of living area. The dwellings were constructed from 1910 to 1953. Each comparable has a basement and a one-car, a two-car or a three-car garage. The comparables have improvement assessments ranging from \$108,740 to \$138,520 or from \$51.01 to \$54.39 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their dissimilar dwelling sizes when compared to the subject. The Board also gave less weight to board of review comparable #4 as it is a considerably newer dwelling than the subject dwelling.

The Board finds the best evidence of assessment equity to be the remaining board of review comparables as they are similar to the subject in dwelling size, design, age and most features. The comparables have improvement assessments ranging from \$108,740 to \$138,520 or from \$51.01 to \$54.39 per square foot of living area. The subject has an improvement assessment of \$125,450 or \$51.88 per square foot of living area, which falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
