

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cindy Gotshall  
DOCKET NO.: 17-20120.001-R-1  
PARCEL NO.: 02-24-406-060-0000

The parties of record before the Property Tax Appeal Board are Cindy Gotshall, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,670  
**IMPR.:** \$28,376  
**TOTAL:** \$33,046

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,907 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a two-car garage. The property has a 14,372 square foot site and is located in Palatine, Palatine Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,804 to 1,930 square

feet of living area. The comparables range in age from 28 to 56 years old. Each comparable has a basement with one comparable having finished area. Each comparable has central air conditioning and a one-car or a two-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$27,024 to \$28,661 or from \$14.80 to \$14.98 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$28,376 or \$14.88 per square foot of living area.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

The appellant's submission included a copy of the final decision from the Cook County Board of review revealing the subject had an improvement assessment of \$30,989 or \$16.25 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity was submitted by the appellant. The Board gave less weight to the appellant's comparable #1 due to its older age and dissimilar foundation when compared to the subject. The Board gave more weight to the appellant's comparables #2 and #3 as they are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and most features. These comparables had improvement assessments of \$14.85 and \$14.98 per square foot of living area. The subject's improvement assessment of \$16.50 per square foot of living area falls above the assessments of the best comparables in this record and is not supported. The board of review did not submit any evidence in support of the subject's assessment. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
