

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Kuczmarski  
DOCKET NO.: 17-20126.001-R-1  
PARCEL NO.: 11-18-108-014-0000

The parties of record before the Property Tax Appeal Board are Edward Kuczmarski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,200  
**IMPR.:** \$39,037  
**TOTAL:** \$43,237

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame masonry exterior construction with 1,844 square feet of living area. The dwelling is approximately 123 years old. Features of the home include a full unfinished basement. The property has a 3,000 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend improvement assessment inequity as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,944 to 2,594 square feet of living area. The comparables range in age from 93 to 136 years old. Each comparable has a partial or a full unfinished basement and one fireplace. One comparable has central air conditioning and

two comparables have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$33,084 to \$47,652 or from \$17.02 to \$19.83 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$33,948 or \$18.41 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,237. The subject property has an improvement assessment of \$39,037 or \$21.17 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. One comparable is in the same block and three comparables are within .25 of a mile of the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,617 to 2,080 square feet of living area. The comparables range in age from 107 to 120 years old. Each comparable has a full basement with one having finished area. One comparable has central air conditioning. Two comparables each have one fireplace. Two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$34,232 to \$47,091 or from \$21.17 to \$22.64 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave most weight to the appellant's comparable #3 and the board of review's comparables #1, #2 and #4 as they are most similar to the subject property in location, design, exterior construction, age, dwelling size, basement and features. These comparables have improvement assessments ranging from \$34,232 to \$47,091 or from \$19.83 to \$22.64 per square foot of living area. The subject's improvement assessment of \$39,037 or \$21.17 per square foot of living area falls within the range of the best comparables in this record. The Board gave less weight to the remaining comparables due to their dissimilar ages, larger dwelling size and/or basement with finished area in contrast to the subject with its smaller dwelling size and unfinished basement. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
