

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roy Morris
DOCKET NO.: 17-20143.001-R-1
PARCEL NO.: 16-07-315-014-0000

The parties of record before the Property Tax Appeal Board are Roy Morris, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,712
IMPR.: \$78,314
TOTAL: \$87,026

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 8,013 square feet of living area. The dwelling is approximately 105 years old. Features of the home include a full unfinished basement and a 3-car garage. The property has an 8,500 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with three-story multi-family dwellings of masonry exterior construction ranging in size from 4,215 to 8,112 square feet of living area. The comparables range in age from 93 to 95 years old. Each comparable has

a full unfinished basement. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$32,957 to \$72,579 or from \$7.82 to \$9.00 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$68,832 or \$8.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,026. The subject property has an improvement assessment of \$78,314 or \$9.77 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and within .25 of a mile of the subject property. The comparables are improved with two-story and three-story multi-family dwellings of frame or masonry exterior construction ranging in size from 3,476 to 5,250 square feet of living area. The comparables range in age from 35 to 107 years old. Three comparables have a full basement with one having finished area; one comparable has a concrete slab foundation. One comparable has central air conditioning. One comparable has three fireplaces. Three comparables have either a 2-car or a 2.5-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$34,843 to \$54,357 or from \$9.73 to \$10.81 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration, none of which are truly similar to the subject property. However, the Board gave most weight to the appellant's comparables and the board of review's comparables #2, #3 and #4 despite their varying degrees of dissimilarities in design, age and/or foundation; two of these comparables also lack a garage in contrast to the subject. Except for the appellant's comparable #2, both parties' comparables are considerably smaller in dwelling size than the subject property. These comparables have improvement assessments ranging from \$7.82 to \$10.81 per square foot of living area. The subject's improvement assessment of \$9.77 per square foot of living area falls within the range established by both parties' comparables and is therefore supported. The Board gave less weight to the board of review's comparable #1 due to its inferior concrete slab foundation when compared to the subject's full unfinished basement. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
