

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Cooper
DOCKET NO.: 17-20162.001-R-1
PARCEL NO.: 11-32-328-020-0000

The parties of record before the Property Tax Appeal Board are Judith Cooper, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,788
IMPR.: \$48,134
TOTAL: \$54,922

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 4,182 square feet of living area. The dwelling is approximately 90 years old. Features of the home include a full unfinished basement. The property has a 3,993 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with two-story or three-story multi-family dwellings of masonry exterior construction ranging in size from 4,061 to 5,103 square feet of living area. The comparables are either 101 or 115 years old. Each

comparable has a full basement with two finished with apartments. One comparable has central air conditioning. Each comparable has a two-car or a three-car garage. The comparables have improvement assessments ranging from \$43,087 to \$53,586 or from \$10.30 to \$10.61 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$43,786 or \$10.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,922. The subject property has an improvement assessment of \$48,134 or \$11.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and in the same block as the subject property. The comparables are improved with two-story multi-family dwellings of masonry exterior construction ranging in size from 3,504 to 3,848 square feet of living area. The comparables range in age from 90 to 101 years old. Each comparable has a full unfinished basement. Three comparables have a two-car garage. The comparables have improvement assessments ranging from \$41,022 to \$47,802 or from \$11.51 to \$13.64 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparables #1 and #3 and the board of review's comparable #2 as they were similar to the subject property in location, design, exterior construction, age, dwelling size and features. These comparables have improvement assessments ranging from \$10.30 to \$12.37 per square foot of living area. The subject's improvement assessment of \$11.51 per square foot of living area falls within the range established by the best comparables. The Board gave less weight to the remaining comparables due to dissimilar dwelling sizes and/or design when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
