

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lewis Bradford
DOCKET NO.: 17-20169.001-R-1
PARCEL NO.: 10-13-413-027-0000

The parties of record before the Property Tax Appeal Board are Lewis Bradford, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$753
IMPR.:	\$15,785
TOTAL:	\$16,538

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story townhome of frame and masonry exterior construction with 637 square feet of building area. The building is approximately 54 years old. Features of the home include a concrete slab foundation. The property has an 886 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables are improved with similar class code 2-95 townhomes of masonry exterior construction ranging in size from 1,209 to 1,335 square feet of building area. The comparables are either 54 or 55 years old. Each comparable has a partial or a full unfinished basement. One comparable has central air conditioning. The comparables

have improvement assessments ranging from \$16,081 to \$19,818 or from \$12.05 to \$16.39 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$8,873 or \$13.93 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,538. The subject property has an improvement assessment of \$15,785 or \$24.78 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code, in the same block and on the same street as the subject property. The comparables are improved with one-story townhomes of frame and masonry exterior construction each containing 637 square feet of living area. The comparables are each 54 years old and have a concrete slab foundation. The comparables have improvement assessments ranging from \$15,786 to \$16,084 or from \$24.78 to \$25.25 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave most weight to the board of review's comparables as each of these comparables is identical to the subject property in location being in the same block and on the same street as the subject and identical in design, exterior construction, age, dwelling size, foundation and features. The board of review comparables have improvement assessments ranging from \$15,786 to \$16,084 or from \$24.78 to \$25.25 per square foot of building area. The subject's improvement assessment of \$15,785 or \$24.78 per square foot of building area is therefore supported by the best comparables in this record. The Board gave less weight to the appellant's comparables due to their significantly larger dwelling sizes when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
