

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis D'Angelo
DOCKET NO.: 17-20175.001-R-1
PARCEL NO.: 02-23-312-027-0000

The parties of record before the Property Tax Appeal Board are Dennis D'Angelo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,144
IMPR.: \$59,630
TOTAL: \$62,774

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,141 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a three-car garage. The property has a 9,675 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 4,079 to 4,690 square feet of living area. The

comparables are either 1 or 16 years old. Each comparable has a basement with one comparable having finished area. Each comparable has central air conditioning, one or two fireplaces and a three-car or a four-car garage. The comparables have improvement assessments ranging from \$51,883 to \$55,364 or from \$11.69 to \$12.85 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$50,189 or \$12.12 per square foot of living area.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

The appellant's submission indicated the subject had an improvement assessment of \$59,630 or \$14.40 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity to be the appellant's comparables. The Board gave less weight to the appellant's comparable #2 due to its newer age when compared to the subject. The Board gave more weight to the appellant's comparables #1 and #3 as they are similar to the subject in location, design age, dwelling size and features, except comparable #1 has a finished basement which the subject lacks. These comparables had improvement assessments of \$11.69 and \$12.85 per square foot of living area. The subject's improvement assessment of \$14.40 per square foot of living area exceeds the assessments of the best comparables in this record and is not supported. The board of review did not submit any evidence in support of its assessment of the subject property as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
