

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donato Console  
DOCKET NO.: 17-20694.001-R-1  
PARCEL NO.: 01-06-300-025-0000

The parties of record before the Property Tax Appeal Board are Donato Console, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,345  
**IMPR.:** \$46,563  
**TOTAL:** \$62,908

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 2,528 square feet of living area. The dwelling is approximately 48 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a 2-car garage. The property has a 217,900 square foot site and is located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with similar class 2-04 dwellings of frame exterior construction ranging in size from 2,051 to 4,873 square feet of living area. The comparables range in age from 53 to 84 years old. Each comparable has

a partial or a full basement with two having finished area. Each comparable has central air conditioning, two or three fireplaces and a 2-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$20,568 to \$46,208 or from \$9.48 to \$12.00 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$26,566 or \$10.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,908. The subject property has an improvement assessment of \$46,566 or \$18.42 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame or stucco exterior construction ranging in size from 2,171 to 3,817 square feet of living area. The comparables range in age from 8 to 49 years old. Each comparable has a partial or a full basement with finished area, central air conditioning and two fireplaces. Two comparables have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$45,492 to \$85,016 or from \$20.95 to \$23.21 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds none of the seven comparables submitted by the parties are particularly similar to the subject with their dissimilar dwelling sizes and/or ages when compared to the subject. Both parties' comparables have improvement assessments ranging from \$9.48 to \$23.21 per square foot of living area. The subject's improvement assessment of \$18.42 per square foot of living area falls within the range established by both parties' comparables. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
