

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Chen  
DOCKET NO.: 17-20700.001-R-1  
PARCEL NO.: 02-30-109-015-0000

The parties of record before the Property Tax Appeal Board are Albert Chen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,186  
**IMPR.:** \$29,040  
**TOTAL:** \$34,226

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,640 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a two-car garage. The property has a 9,020 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,399 to 3,423 square feet of living area. The comparables range in age from 28 to 33 years old. Each comparable has a full

unfinished basement, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$20,079 to \$31,196 or from \$8.37 to \$10.06 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$23,998 or \$9.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" for a different parcel than the subject. Furthermore, the board of review's evidence included comparables for similar class 2-78 dwellings that are located an unknown distance from the subject property and are not in the same neighborhood code that was assigned to the subject.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the evidence submitted by the board of review is for a different parcel, and the comparables are for properties in a different neighborhood code not assigned to the subject property. Therefore, the Board gave no weight to this evidence.

The appellant submitted three assessment comparables for the Board's consideration. The Board finds the appellant's comparables were similar in location, design, exterior construction, age, foundation and most features. However, two of the appellant's comparables had significantly larger dwellings when compared to the subject. The appellant's comparables had improvement assessments ranging from \$20,079 to \$31,196 or from \$8.37 to \$10.06 per square foot of living area. The subject's improvement assessment of \$34,346 or \$13.01 is not supported by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
