

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shaunley Kao
DOCKET NO.: 17-20708.001-R-1
PARCEL NO.: 01-34-202-029-0000

The parties of record before the Property Tax Appeal Board are Shaunley Kao, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,815
IMPR.: \$47,472
TOTAL: \$58,287

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,386 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 3-car garage. The property has a 61,803 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,772 to 3,688 square feet of living area. The comparables range in age from 33 to 45 years old. Each

comparable has a full unfinished basement, central air conditioning, one fireplace and a 3-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$37,532 to \$50,493 or from \$13.54 to \$13.69 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$46,083 or \$13.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,287. The subject property has an improvement assessment of \$47,472 or \$14.02 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. One comparable is in the same block and three comparables are within .25 of a mile of the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 2,904 to 3,645 square feet of living area. The comparables range in age from 34 to 37 years old. Each comparable has a partial or a full unfinished basement, one to three fireplaces and a 3-car or a 3.5-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$48,604 to \$58,103 or from \$14.89 to \$17.38 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparables #2 and #3 and the board of review's comparables #1, #3 and #4 are they are most similar to the subject property in location, design, dwelling size, age and most features. The best comparables have improvement assessments ranging from \$42,908 to \$58,103 or from \$13.60 to \$16.10 per square foot of living area. The subject's improvement assessment of \$47,472 or \$14.02 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the remaining comparables due to their smaller dwelling sizes when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
