

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ryan Levy  
DOCKET NO.: 17-20720.001-R-1  
PARCEL NO.: 16-08-121-020-0000

The parties of record before the Property Tax Appeal Board are Ryan Levy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,267  
**IMPR.:** \$38,256  
**TOTAL:** \$45,523

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,004 square feet of living area. The dwelling is approximately 124 years old. Features of the home include a full unfinished basement. The property has an 8,550 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code with two on the same street as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,663 to 2,198 square feet of living area. The comparables are either 107 or 114 years old. Each comparable has a full basement with one having finished area. Two

comparables have central air conditioning. One comparable has one fireplace. Each comparable has a two-car garage. The comparables have improvement assessments ranging from \$30,765 to \$40,663 or \$17.46 and \$18.50 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$36,373 or \$18.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,523. The subject property has an improvement assessment of \$38,256 or \$19.09 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. Two comparables are located in the same block and/or within .25 of a mile of the subject. The comparables are improved with two-story dwellings of frame or stucco exterior construction ranging in size from 1,944 to 2,173 square feet of living area. The comparables range in age from 98 to 109 years old. Each comparable has a full unfinished basement and a two-car garage. Two comparables have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$37,190 to \$44,661 or from \$19.13 to \$21.94 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparables #1 and #3 and the board of review's comparables as they are similar to the subject property in location, design, age, dwelling size, basement and most features, except each comparable has a garage which the subject lacks. These comparables have improvement assessments ranging from \$37,190 to \$56,415 or from \$17.46 to \$21.94 per square foot of living area. The subject's improvement assessment of \$38,256 or \$19.09 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparable # 2 due to its smaller dwelling size when compared to the subject. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
