

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Krcmar
DOCKET NO.: 17-20916.001-R-1
PARCEL NO.: 16-18-205-036-0000

The parties of record before the Property Tax Appeal Board are Anna Krcmar, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,402
IMPR.: \$29,642
TOTAL: \$33,044

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family dwelling of masonry exterior construction with 2,148 square feet of living area. The dwelling is approximately 107 years old. Features of the home include a full basement, central air conditioning and a 2-car garage. The property has a 3,780 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story multi-family dwellings of masonry or stucco exterior construction ranging in size from 2,003 to 2,532 square feet of living area. The comparables range in age

from 52 to 107 years old. Four comparables have full unfinished basements and one comparable has a concrete slab foundation; each comparable has air conditioning; and three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,016 to \$34,132 or from \$9.75 to \$13.82 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,943 or \$9.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,044. The subject property has an improvement assessment of \$29,642 or \$13.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with either a 1.5-story or three 2-story multi-family dwellings of frame or masonry exterior construction ranging in size from 1,816 to 2,400 square feet of living area. The comparables range in age from 102 to 114 years old. Each comparable has a full basement with one having finished area and a 2-car or a 2.5-car garage; and one comparable has central air conditioning. The comparables have improvement assessments ranging from \$28,529 to \$41,557 or from \$14.06 to \$19.60 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 due to its newer age and lack of a basement when compared to the subject. The Board gave less weight to the board of review's comparable #2 due to its dissimilar 1.5-story design in contrast to the subject's 2-story design.

The Board finds the best evidence of assessment equity is the appellant's comparables #2 through #5 and the board of review's comparables #1, #3 and #4 as they are similar to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$27,539 to \$34,440 or from \$12.48 to \$15.71 per square foot of living area. The subject's improvement assessment of \$29,642 or \$13.80 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
