

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ted Denning
DOCKET NO.: 17-20943.001-R-1
PARCEL NO.: 15-25-409-041-0000

The parties of record before the Property Tax Appeal Board are Ted Denning, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,574
IMPR.: \$41,049
TOTAL: \$49,623

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,560 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace, and a two-car garage. The property has a 9,799 square foot site located in Riverside, Riverside Township, Cook County. The subject is a Class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within a different neighborhood code than the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 1,920 to 2,576 square feet of living area. The dwellings range in age from

59 to 66 years old, have partial or full basements with finished area, central air conditioning, and a two-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$24,779 to \$30,600 or from \$11.88 to \$12.91 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$30,413 or \$11.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,623. The subject property has an improvement assessment of \$41,049 or \$16.03 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. One comparable is also located within the same block as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,334 to 2,578 square feet of living area. The dwellings range in age from 77 to 88 years old, have partial or full basements, two of which have finished area, central air conditioning, one or two fireplaces, and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$39,757 to \$46,680 or from \$16.60 to \$20.00 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their dissimilar neighborhood codes and/or considerably smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables, though these dwellings are older in age than the subject. These comparables received greater weight because they are located in the subject's same neighborhood code and are similar to the subject in design, dwelling size, and most features. These comparables have improvement assessments ranging from \$39,757 to \$46,680 or from \$16.60 to \$20.00 per square foot of living area. The subject's improvement assessment of \$41,049 or \$16.03 per square foot of living area falls within the range established by the best comparables contained in this record on an overall basis but below the range on a per-square-foot basis. After considering adjustments to the comparables for differences, when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
