

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Dalton
DOCKET NO.: 17-20965.001-R-1
PARCEL NO.: 16-07-316-027-0000

The parties of record before the Property Tax Appeal Board are John Dalton, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,122
IMPR.: \$44,438
TOTAL: \$53,560

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,196 square feet of living area. The dwelling is 121 years old. Features of the home includes a full unfinished basement and a 2.5-car garage. The property has an 8,900 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables, one of which is located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,106 to 2,173 square feet of living area. The dwellings are 119 or 125 years old, one comparable has a slab foundation, and two comparables have a full unfinished basement.

One comparable has a fireplace, and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$37,005 to \$41,487 or from \$17.13 to \$19.61 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$37,617 or \$17.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,560. The subject property has an improvement assessment of \$44,438 or \$20.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. One comparable is also located within the subject's same block. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,938 to 2,064 square feet of living area. The dwellings range in age from 114 to 129 years old. Each comparable has a full unfinished basement and a garage ranging from a 1.5-car to a 2.5-car. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$41,612 to \$45,451 or from \$21.47 to \$22.76 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their dissimilar neighborhood code or lack of a basement and a garage when compared to the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board finds these comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and other features. These four comparables have improvement assessments ranging from \$41,612 to \$45,451 or from \$21.47 to \$22.76 per square foot of living area. The subject's improvement assessment of \$44,438 or \$20.24 per square foot of living area falls within the range established by the most similar comparables contained in this record on an overall basis. However, the subject's improvement assessment is below the range on a per-square-foot basis, which is reasonable considering the subject's larger dwelling size. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
