

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charlie Boyd  
DOCKET NO.: 17-20969.001-R-1  
PARCEL NO.: 15-12-212-006-0000

The parties of record before the Property Tax Appeal Board are Charlie Boyd, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,430  
**IMPR.:** \$43,741  
**TOTAL:** \$53,171

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 2,072 square feet of living area. The dwelling is 95 years old and has a full unfinished basement. The property has a 9,200 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables which are located within a different neighborhood code than the subject property. The comparables are improved with two-story dwellings of stucco exterior construction ranging in size from 2,064 to 2,526 square feet of living area. The dwellings range in age from 95 to 119 years old, and each comparable has a partial or full unfinished basement. One comparable has

central air conditioning, and each comparable has either a 1.5-car or a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$40,623 to \$45,435 or from \$16.66 to \$20.52 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$34,520 or \$16.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,171. The subject property has an improvement assessment of \$43,741 or \$21.11 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or stucco exterior construction ranging in size from 1,584 to 1,962 square feet of living area. The dwellings range in age from 95 to 101 years. Each comparable has a full unfinished basement and a 2-car garage. One comparable has central air conditioning, and three comparables each have one fireplace. The comparables have improvement assessments ranging from \$37,050 to \$44,154 or from \$22.09 to \$23.39 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparables #2 and #4 due to significant dissimilarities with their older ages and/or dwelling sizes when compared to the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3. The Board finds these two comparables are most similar to the subject in location, design, age, dwelling size, foundation, and other features. These two comparables have improvement assessments of \$40,115 and \$44,154 or \$22.09 and \$22.50 per square foot of living area. The subject's improvement assessment of \$43,741 or \$21.11 per square foot of living area falls between the two best comparables contained in this record on an overall basis. However, the subject's improvement assessment is below the range on a per-square-foot basis, which appears to be justified considering its larger dwelling size. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
