

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Spillane
DOCKET NO.: 17-20972.001-R-1
PARCEL NO.: 16-18-313-027-0000

The parties of record before the Property Tax Appeal Board are John Spillane, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,880
IMPR.: \$30,195
TOTAL: \$35,075

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,280 square feet of living area. The dwelling is 104 years old. Features of the home includes a full finished basement and a 2-car garage. The property has a 5,137 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or stucco exterior construction ranging in size from 1,424 to 1,582 square feet of living area. The dwellings range in age from 93 to 111 years old, and each have partial or full unfinished basements. Two comparables each

have central air conditioning, and four comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$28,952 to \$34,067 or from \$19.95 to \$21.73 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$25,536 or \$19.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,075. The subject property has an improvement assessment of \$30,195 or \$23.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 1,136 to 1,408 square feet of living area. The dwellings range in age from 97 to 112 years old, and each comparable has a full basement with one having finished area and a garage ranging from a 1.5-car to a 2.5-car. One comparable has a fireplace. The comparables have improvement assessments ranging from \$29,150 to \$33,608 or from \$23.87 to \$25.73 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #5 due to their considerably larger dwelling sizes when compared to the subject's dwelling. The Board also gives less weight to the appellant's comparable #2 which lacks a garage, unlike the subject's 2-car garage.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 as well as the board of review comparables. The Board finds these five comparables are most similar to the subject in location, design, age, dwelling size, and most features. Additionally, the Board finds the board of review comparable #1 is the best comparable as it is also very similar in dwelling size and has a full finished basement, like the subject and unlike the other comparables contained in this record. These five comparables have improvement assessments ranging from \$29,150 to \$33,608 or from \$21.65 to \$25.73 per square foot of living area. The subject's improvement assessment of \$30,195 or \$23.59 per square foot of living area falls within the range established by the best similar comparables in this record and also below the assessment of the one best comparable in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
