

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dan Goldberg
DOCKET NO.: 17-20974.001-R-1
PARCEL NO.: 16-08-119-017-0000

The parties of record before the Property Tax Appeal Board are Dan Goldberg, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,267
IMPR.: \$65,536
TOTAL: \$72,803

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of stucco exterior construction with 4,096 square feet of living area. The dwelling is 129 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces, and a 3-car garage. The property has an 8,550 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject dwelling is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, three-story dwellings of masonry exterior construction ranging in size from 4,140 to 4,875 square feet of living area. The dwellings are

each 117 years old. Each comparable has a full unfinished basement. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$44,315 to \$47,938 or from \$9.33 to \$11.58 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$38,216 or \$9.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,803. The subject property has an improvement assessment of \$65,536 or \$16.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06, two-story dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 3,558 to 4,222 square feet of living area. The dwellings range in age from 97 to 123 years old. Each comparable has a partial or full basement with two having finished area, central air conditioning, one fireplace and either a 2-car, a 2.5-car or a 3-car. The comparables have improvement assessments ranging from \$62,390 to \$69,876 or from \$16.55 to \$18.40 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds none of the comparables submitted by both parties are truly similar to the subject. The appellant's comparables each have a different 2-11 classification code whereas the board of review comparables each have a dissimilar two-story design when compared to the subject's class 2-06, three-story dwelling. Additionally, when compared to the subject, three of the board of review comparables each have a dwelling with a significantly newer age, one of the appellant's comparables has a considerably larger dwelling size, and none of the comparables submitted by either party have a full finished basement, like the subject. Both parties' comparables have improvement assessments ranging from \$9.33 to \$18.40 per square foot of living area. The subject's improvement assessment of \$16.00 per square foot of living area falls within the range established by the comparables submitted by both parties. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
