

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Motycka  
DOCKET NO.: 17-21027.001-R-1  
PARCEL NO.: 15-36-400-005-0000

The parties of record before the Property Tax Appeal Board are John Motycka, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,360  
**IMPR.:** \$13,478  
**TOTAL:** \$18,838

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of masonry exterior construction with 925 square feet of living area. The dwelling is 65 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace, and a 1-car garage. The property has a 6,700 square foot site and is located in Riverside, Riverside Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1-story or 1.5-story dwellings of masonry exterior construction ranging in size from 864 to 974 square feet of living area. The dwellings range in age 61 to 79 years old. The appellant's attorney describes two comparables as having an "Unfinished"

basement area, and one comparable as having central air conditioning. The comparables have improvement assessments ranging from \$10,305 to \$14,109 or from \$11.93 to \$14.57 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$13,403 or \$14.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,838. The subject property has an improvement assessment of \$13,478 or \$14.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1-story dwellings of masonry exterior construction ranging in size from 833 to 936 square feet of living area. The dwellings are 65 or 69 years old and have full basements, three of which have finished area. Two comparables have central air conditioning, one comparable has a fireplace, and each comparable has a 1-car, a 1.5-car, or a 2-car garage. The comparables have improvement assessments ranging from \$14,362 to \$15,560 or from \$16.62 to \$18.23 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #3 when compared to the subject dwelling with their considerably older age or lack of a basement in contrast to the subject's partial basement with finished area.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 as well as the board of review comparables. These comparables are most similar to the subject in location, exterior construction, dwelling size, and some features. These comparables are also identical or very similar in age to the subject dwelling. These comparables have improvement assessments ranging from \$14.57 to \$18.23 per square foot of living area. The subject's improvement assessment of \$14.57 per square foot of living area is at the lower end of the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
