

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Heldt  
DOCKET NO.: 17-21034.001-R-1  
PARCEL NO.: 02-19-321-020-0000

The parties of record before the Property Tax Appeal Board are Charles Heldt, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,447  
**IMPR.:** \$17,409  
**TOTAL:** \$21,856

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,606 square feet of living area. The dwelling is 40 years old, lacks a basement, and has a garage. Apparently, the dwelling has at least one fireplace since the appellant reported "yes" in the fireplace section of the grid analysis. The appellant's photograph depicts the subject has a garage. The property has a 7,735 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same classification and neighborhood codes as the subject property. The comparables are two-story, class 2-07 dwellings of frame exterior construction ranging in size from 1,449 to 1,909 square feet of living area. The dwellings range in age from 32 to 46 years

old, and three dwellings each have central air conditioning. Two comparables each have a basement. Apparently, three comparables each have at least one fireplace since the appellant's attorney reported "yes" in the fireplace section of the grid analysis. The appellant's photographs of the comparables show each comparable has a garage. The comparables have improvement assessments ranging from \$11,808 to \$18,090 or from \$8.15 to \$10.84 per square foot of living area. The appellant's submission revealed that the subject has an improvement assessment of \$21,215 which equates to \$13.21 per square foot of living area.

Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,948 or \$9.93 per square foot of living area.

The board of review did not timely submit any evidence in support of the assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code 1910.40(a) & 1910.69(a)).

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the board of review did not timely submit any evidence in support of its assessment of the subject property or to refute the evidence submitted by the appellant as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is in default pursuant to Section 1910.69(a) of the rules of the Board. (86 Ill.Admin.Code §1910.40(a); 1910.69(a)).

The Board finds the only evidence of assessment equity to be the appellant's comparables. The Board gives less weight to the appellant's comparables #1 and #3 since the subject lacks a basement, unlike these comparables. The Board gives greater weight to the appellant's comparables #2 and #4 which are most similar in property characteristics to the subject. These two comparables have improvement assessments of \$9.28 and \$10.84 per square foot of living area. The subject's improvement assessment of \$13.21 per square foot of living area falls above the two best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
