

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas B. McClain  
DOCKET NO.: 17-21059.001-R-1  
PARCEL NO.: 05-34-421-012-0000

The parties of record before the Property Tax Appeal Board are Thomas B. McClain, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,943  
**IMPR.:** \$35,706  
**TOTAL:** \$44,649

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,522 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a full unfinished basement, one fireplace and a one-car garage. The property has a 7,155 square foot site located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The appellant's attorney reported that the comparables are improved with similar class code 2-03 dwellings of frame exterior construction ranging in size from 1,283 to 1,736 square feet of living

area. The comparables range in age from 110 to 148 years old. Each comparable has a basement and two comparables have central air conditioning. The appellant's attorney provided no information on the garages for these comparables. The comparables have improvement assessments ranging from \$23,391 to \$35,001 or from \$18.23 to \$20.16 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$30,684 or \$20.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,649. The subject property has an improvement assessment of \$35,706 or \$23.46 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with similar class code 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,120 to 1,709 square feet of living area. The comparables range in age from 58 to 66 years old, each comparable has a basement with one having finished area, one fireplace, and a one-car or a two-car garage, and two comparables have central air conditioning. The comparables have improvement assessments ranging from \$35,060 to \$43,752 or from \$25.03 to \$32.97 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their significantly older ages when compared to the subject.

The Board finds the best evidence of assessment equity is the board of review's comparables as they are similar to the subject property in location, design, and age. These comparables have improvement assessments ranging from \$35,060 to \$43,752 or from \$25.03 to \$32.97 per square foot of living area. The subject's improvement assessment of \$35,706 or \$23.46 per square foot of living area falls within the range established by the best comparables in this record on a total basis; however, it falls below the range on a per square foot basis. The Board gave most weight to the board of review's comparable #2 as it is located in the same block as the subject property and is identical in age, exterior construction, basement, garage and most features, except it has a smaller dwelling size when compared to the subject. The Board finds the board of review's assessment is justified as accepted real estate valuation theory provides that economies of scale would indicate with the subject's larger dwelling size that a lower assessment per square foot is warranted. After considering adjustments to the best comparables for differences when

compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
