

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ciaran Gannon
DOCKET NO.: 17-21062.001-R-1
PARCEL NO.: 05-34-314-012-0000

The parties of record before the Property Tax Appeal Board are Ciaran Gannon, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,375
IMPR.: \$82,333
TOTAL: \$91,708

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 3,627 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full basement, central air conditioning, one fireplace and a two-car garage. The property has a 7,500 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 3,156 to 3,490 square feet of living area. The comparables range in age from 10 to 48 years old. Each comparable has a basement, central air conditioning and at least

one fireplace. The appellant did not provide any information on garages for the comparables. The comparables have improvement assessments ranging from \$61,250 to \$79,708 or from \$18.81 to \$22.84 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$80,012 or \$22.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,164. The subject property has an improvement assessment of \$95,789 or \$26.41 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of stucco or frame and masonry exterior construction ranging in size from 2,006 to 2,940 square feet of living area. The comparables are each 10 years old. Each comparable has a basement with two having finished area. Each comparable has central air conditioning, one fireplace and a two-car or a four-car garage. The comparables have improvement assessments ranging from \$62,186 to \$78,910 or from \$26.84 to \$31.00 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 due to its older age when compared to the subject. The Board gave less weight to the board of review's comparables due to their smaller dwelling sizes than the subject.

The Board finds the best evidence of assessment equity is the appellant's comparables #1, #2 and #4 as they are similar to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$61,250 to \$79,708 or from \$18.81 to \$22.84 per square foot of living area. The subject's improvement assessment of \$95,789 or \$26.41 per square foot of living area exceeds the range established by the best comparables in this record and is not supported. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
