

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jon Frye
DOCKET NO.: 17-21063.001-R-1
PARCEL NO.: 10-24-223-001-0000

The parties of record before the Property Tax Appeal Board are Jon Frye, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,250
IMPR.: \$22,764
TOTAL: \$28,014

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,394 square feet of living area. The dwelling is approximately 133 years old and has a full unfinished basement. The property has a 5,250 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1.5-story or 2-story dwellings of frame or masonry exterior construction ranging in size from 1,156 to 1,372 square feet of living area. The dwellings range in age from 81 to 125 years old. The appellant reported the comparables as having a "Full" or "Unfinished" basement area in the grid analysis. The comparables have improvement

assessments ranging from \$12,121 to \$19,469 or from \$9.95 to \$14.19 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$15,250 or \$10.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,014. The subject property has an improvement assessment of \$22,764 or \$16.33 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1.5-story dwellings of frame exterior construction ranging in size from 1,046 to 1,408 square feet of living area. The dwellings range in age from 113 to 123 years old and have full basements, three of which have finished area. One comparable has a fireplace, and two comparables each have a one-car or a two-car garage. The comparables have improvement assessments ranging from \$21,265 to \$25,070 or from \$17.36 to \$22.18 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as the board of review comparables #1 and #2 due to their considerably newer ages or considerably smaller dwelling size when compared to the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables #3 and #4. These two comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation, and other features. These two comparables have improvement assessments of \$24,449 and \$25,070 or \$17.36 and \$20.38 per square foot of living area. The subject's improvement assessment of \$22,764 or \$16.33 per square foot of living area falls below the range established by the two best comparables in this record. After considering adjustments to these comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
