

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Altman
DOCKET NO.: 17-21065.001-R-1
PARCEL NO.: 10-13-101-003-0000

The parties of record before the Property Tax Appeal Board are Michael Altman, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,820
IMPR.: \$57,502
TOTAL: \$65,322

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,609 square feet of living area. The dwelling is 80 years old. Features of the home include a full finished basement, central air conditioning, and two fireplaces. The property has a 6,256 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry, stucco, or frame and masonry exterior construction ranging in size from 3,009 to 3,188 square feet of living area. The dwellings range in age from 80 to 108 years old. One comparable has central air conditioning.

In the grid analysis, the appellant reported “partial”, “unfinished” or “full” for each comparable within the finished basement area and “yes” for each comparable in the fireplace section. No data on garages, if any, was supplied by the appellant. The comparables have improvement assessments ranging from \$54,764 to \$57,512 or from \$18.04 to \$18.90 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$47,327 or \$18.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,322. The subject property has an improvement assessment of \$57,502 or \$22.04 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,024 to 2,588 square feet of living area. The dwellings range in age from 70 to 92 years old, have full basements, three of which have finished area, one fireplace, and a one-car garage. Two of the comparables have air conditioning. The comparables have improvement assessments ranging from \$54,248 to \$59,063 or from \$22.16 to \$27.02 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board’s consideration. The Board gives less weight to the appellant’s comparables #1, #2 and #4 along with the board of review comparable #1 due to their considerably older age or dissimilar dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant’s comparable #3 as well as the board of review comparables #2 through #4 which are closer in dwelling size to the subject and most similar to the subject in location, design, age, and other features. These comparables have improvement assessments ranging from \$54,248 to \$59,063 or from \$18.20 to \$24.72 per square foot of living area. The subject’s improvement assessment of \$57,502 or \$22.04 per square foot of living area falls within the range established by the best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
