

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert W. Meyer
DOCKET NO.: 17-21081.001-R-1
PARCEL NO.: 02-19-228-001-0000

The parties of record before the Property Tax Appeal Board are Robert W. Meyer, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,323
IMPR.: \$21,954
TOTAL: \$25,277

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,584 square feet of living area. The dwelling is 30 years old, has a full basement, and a two-car garage. The property has a 5,780 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with 1-story dwellings of frame or frame and masonry exterior construction with 1,578 or 1,774 square feet of living area. The dwellings are each 46 years old, and one comparable has central air conditioning. The appellant's attorney reported "yes" for two comparables within the fireplace section and "None" for each comparable within the "Finished"

basement area section of the grid analysis. The photographs submitted as part of the appellant's evidence show each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$16,412 to \$19,192 or from \$10.40 to \$11.84 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$17,281 or \$10.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,277. The subject property has an improvement assessment of \$21,954 or \$13.86 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 1.5-story dwellings of frame exterior construction with 1,584 or 1,734 square feet of living area. The dwellings are either 27 or 30 years old, three comparables each have a full unfinished basement, one comparable has a concrete slab foundation, and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$22,841 to \$26,136 or from \$14.42 to \$16.50 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives reduced weight to the appellant's comparables due to their dissimilar 1-story design and considerably older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board gives greater weight to these comparables because they are identical or nearly identical in property characteristics to the subject, except for the upward adjustment to comparable #4 because of its inferior slab foundation in contrast to the subject's full basement. These four comparables have improvement assessments ranging from \$22,841 to \$26,136 or from \$14.42 to \$16.50 per square foot of living area. The subject's improvement assessment of \$21,954 or \$13.86 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
