

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Ciocchetti  
DOCKET NO.: 17-21089.001-R-1  
PARCEL NO.: 02-26-109-008-0000

The parties of record before the Property Tax Appeal Board are Anthony Ciocchetti, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,936  
**IMPR.:** \$22,835  
**TOTAL:** \$25,771

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,270 square feet of living area. The dwelling is 52 years old. Features of the home include a partial basement with finished area, central air conditioning, and a 2.5-car garage. The property has a 9,035 square foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The appellant's evidence included a map depicting the locations of their comparables relative to the subject property. The comparables are improved with one-story dwellings of frame, masonry, or frame

and masonry exterior construction ranging in size from 1,077 to 1,583 square feet of living area. The dwellings range in age from 52 to 59 years old. Two comparables have central air conditioning. In the grid analysis, the appellant's attorney reported "unfinished" or "partial" for each comparable within the "finished basement area" section, and "yes" for one comparable within the fireplace section. Furthermore, the appellant's attorney failed to provide any information regarding the garages within the grid analysis. The comparables have improvement assessments ranging from \$15,170 to \$23,159 or from \$13.05 to \$14.63 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$17,513 or \$13.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,771. The subject property has an improvement assessment of \$22,835 or \$17.98 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of frame and masonry exterior construction with 1,207 or 1,248 square feet of living area. The dwellings are 53 or 54 years old and have partial or full basements, three of which have finished area. Two comparables each have one fireplace, and each comparable has central air conditioning and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$23,275 to \$26,979 or from \$18.65 to \$21.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as the appellant failed to provide descriptive property characteristics for each comparable within the grid analysis, such as garages, which detracts from the weight of the evidence. Furthermore, the Board gives less weight to the appellant's comparables and the board of review comparable #4 when compared to the subject due to their significantly dissimilar dwelling sizes and/or unfinished basement areas unlike the subject's finished basement area.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 through #3 which are closer in dwelling size and have similar finished basement areas when compared to the subject. These comparables are also very similar to the subject in location, age, and other features. These comparables have improvement assessments ranging from \$18.65 to \$21.62 per square foot of living area. The subject's improvement assessment of \$17.98 per

square foot of living area falls below the range established by the most comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
