

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Grubbs
DOCKET NO.: 17-21095.001-R-1
PARCEL NO.: 02-16-202-012-0000

The parties of record before the Property Tax Appeal Board are Michael Grubbs, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,688
IMPR.: \$33,054
TOTAL: \$40,742

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 2,358 square feet of living area. The dwelling is approximately 24 years old. Features of the home include a full unfinished basement, central air conditioning, and a four-car garage. The property has a 23,656 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property.¹ The comparables are improved with similar 2-04 class code dwellings of frame exterior construction ranging in

size from 1,850 to 2,467 square feet of living area. The comparables range in age from 29 to 80 years old. Two comparables have a basement. Each comparable has central air conditioning. Two comparables have at least one fireplace. The comparables have improvement assessments ranging from \$20,754 to \$26,068 or from \$10.57 to \$11.94 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$25,679 or \$10.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,742. The subject property has an improvement assessment of \$33,054 or \$14.02 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code with three in the same block as the subject property. Two comparables are improved with one-story dwellings of frame or frame and masonry exterior construction. Two comparables are two-story dwellings of masonry exterior construction and have a different class code than the subject. The comparables range in size from 1,890 to 2,416 square feet of living area. The comparables range in age from 16 to 24 years old. Each comparable has an unfinished basement, central air conditioning and a two-car or a three-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$34,726 to \$37,165 or from \$14.90 to \$19.45 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparable #1 and the board of review's comparables #1 and #2 as they are similar to the subject property in location, age, and features, except the appellant's comparable #1 lacks a basement unlike the subject's full unfinished basement and would require an upward adjustment. These comparables have improvement assessments ranging from \$26,068 to \$37,165 or from \$10.57 to \$19.45 per square foot of living area. The subject's improvement assessment of \$33,054 or \$14.02 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's remaining comparables due to their older ages when compared to the subject property. The Board gave less weight to the board of review's comparables #3 and #4 due to their dissimilar two-story designs when compared to the subject. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
