

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roger Harmon
DOCKET NO.: 17-21096.001-R-1
PARCEL NO.: 02-15-425-002-0000

The parties of record before the Property Tax Appeal Board are Roger Harmon, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,767
IMPR.: \$15,540
TOTAL: \$18,307

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,146 square feet of living area. The dwelling is approximately 91 years old. Features of the home include a full unfinished basement and a one-car garage. The property has an 8,514 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property.¹ The comparables are improved with similar class code 2-03 dwellings of frame exterior construction ranging in size from 1,033 to 1,358 square feet of living area. The comparables range in age from 77 to 95

¹ The grid analysis submitted by the appellant was incomplete and did not provide sufficient details to clearly describe the number of fireplaces and the basement/foundation and garage areas for each comparable.

years old. Two comparables each have a partial basement. Two comparables have central air conditioning. Two comparables each have at least one fireplace. The comparables have improvement assessments ranging from \$11,198 to \$13,709 or from \$9.91 to \$10.91 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$11,895 or \$10.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,307. The subject property has an improvement assessment of \$15,540 or \$13.56 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code with two in the same block as the subject property. The comparables are improved with one-story dwellings of frame exterior construction ranging in size from 1,119 to 1,279 square feet of living area. The comparables range in age from 64 to 91 years old. Three comparables have basements with finished area and one comparable has a crawl space foundation. One comparable has central air conditioning. Two comparables each have one fireplace. Each comparable has a one-car garage. The comparables have improvement assessments ranging from \$16,127 to \$19,147 or from \$14.17 to \$15.64 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave more weight to the appellant's comparable #1 and the board of review's comparables #1, #2 and #4 as they are similar to the subject property in location, design, exterior construction, age, dwelling size, and features. These comparables have improvement assessments ranging from \$11,634 to \$19,147 or from \$9.91 and \$15.64 per square foot of living area. The subject's improvement assessment of \$15,540 or \$13.56 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the remaining comparables due to their newer ages, larger dwelling size and/or inferior foundation types when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
