

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert E. Ahlmeier
DOCKET NO.: 17-21102.001-R-1
PARCEL NO.: 02-14-103-002-0000

The parties of record before the Property Tax Appeal Board are Robert E. Ahlmeier, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,821
IMPR.: \$23,664
TOTAL: \$26,485

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,721 square feet of living area. The dwelling is approximately 50 years old. Features of the home include a partial basement, central air conditioning, and a two-car garage. The property has an 8,680 square foot site located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property.¹ The

¹ The grid analysis submitted by the appellant was incomplete and did not provide sufficient details to clearly describe the number of fireplaces and the basement and garage areas for each comparable.

comparables are improved with similar class code 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,486 to 1,767 square feet of living area. The comparables range in age from 64 to 148 years old. Each comparable has a basement. Three comparables have central air conditioning. Three comparables have at least one fireplace. The comparables have improvement assessments ranging from \$15,359 to \$20,344 or from \$10.34 to \$11.51 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$19,241 or \$11.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,485. The subject property has an improvement assessment of \$23,664 or \$13.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood as the subject property. The comparables are improved with similar class code 2-03 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,366 to 1,731 size square feet of living area. The comparables range in age from 41 to 62 years old. Three comparables each have a basement with one having finished area and one comparable has a crawl space foundation. One comparable has central air conditioning. One comparable has one fireplace. Each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$21,389 to \$25,956 or from \$13.85 to \$16.61 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds neither party submitted comparables that are particularly similar to the subject. Both parties' comparables differ from the subject with varying differences in design, dwelling size, age, basements/foundations and/or features. The parties' comparables have improvement assessments ranging from \$15,359 to \$25,956 or from \$10.34 to \$16.61 per square foot of living area. The subject's improvement assessment of \$23,664 or \$13.75 per square foot is supported by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
