

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Hasek  
DOCKET NO.: 17-21104.001-R-1  
PARCEL NO.: 16-06-307-050-0000

The parties of record before the Property Tax Appeal Board are William Hasek, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,854  
**IMPR.:** \$34,799  
**TOTAL:** \$37,653

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of masonry exterior construction with 1,904 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a concrete slab foundation and a two-car garage. The property has a 2,785 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property.<sup>1</sup> The comparables are improved with three-story townhomes of masonry exterior construction that each contain 2,167 square feet

<sup>1</sup> The grid analysis submitted by the appellant was incomplete and did not provide sufficient details to clearly describe the number of fireplaces and the basement and garage areas for each comparable.

of living area. The comparables are each 30 years old. Each comparable has central air conditioning. Three comparables have at least one fireplace. The comparables have improvement assessments ranging from \$31,869 to \$32,030 or from \$14.71 to \$14.78 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$28,084 or \$14.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,653. The subject property has an improvement assessment of \$34,799 or \$18.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story townhomes of masonry exterior construction that contain either 1,430 or 1,907 square feet of living area. The comparables are either 29 or 46 years old. Three comparables have full unfinished basements and one comparable has a concrete slab foundation. Three comparables have central air conditioning. Each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$27,199 to \$35,851 or from \$18.80 to \$19.16 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity is the board of review's comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables have improvement assessments ranging from \$27,199 to \$35,851 or from \$18.80 to \$19.16 per square foot of living area. The board gives most weight to the board of review's comparable #1 as it is located on the same block and street, has a similar property index number and is identical to the subject in age, foundation and most features. This is further supported by the remaining board of review comparables which have superior foundations and air conditioning features that are not present in the subject. Once adjustments are applied to these comparables, the subject's improvement assessment of \$34,799 or \$18.28 per square foot of living area is supported by the best comparables this record. The Board gave less weight to the appellant's comparables due to their unknown characteristics when compared to the subject and their three-story design. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
