

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diana Schmuck
DOCKET NO.: 17-21108.001-R-1
PARCEL NO.: 11-30-106-012-0000

The parties of record before the Property Tax Appeal Board are Diana Schmuck, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,312
IMPR.: \$29,388
TOTAL: \$36,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 3,108 square feet of living area. The dwelling is 93 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 5,850 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparable that are located within the same neighborhood code as the subject property. One comparable is also located within the same block as the subject property. The comparables are improved with class 2-11, multi-family dwellings of masonry exterior construction that range in size from 2,076 to 3,017 square feet of living area. The dwellings range in age from 91 to 98

years old. The appellant reported "Unfinished" for three comparables and "Partial" for one comparable within the "finished basement area" of the grid analysis. No data on garages was supplied by the appellant. The comparables have improvement assessments that range from \$17,139 to \$24,682 or from \$6.45 to \$8.26 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,047 or \$6.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,700. The subject property has an improvement assessment of \$29,388 or \$9.46 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with class 2-11, multi-family dwellings of masonry exterior construction that range in size from 2,616 to 3,186 square feet of living area. The dwellings range in age from 92 to 96 years old. Each comparables has a full unfinished basement and either a two-car or a three-car garage. One comparable has central air conditioning and one comparable has two fireplaces. The comparables have improvement assessments that range from \$28,357 to \$34,683 or from \$9.70 to \$11.59 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as the appellant's attorney failed to provide descriptive property characteristics for each comparable within the grid analysis, such as basement and garage areas, which detracts from the weight of the evidence. In addition, the appellant's comparables #3 and #4 have dwellings considerably smaller in size than the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables. These three comparables are located on the subject's same block and very similar to the subject in design, exterior construction, age, foundation, and most features. The board of review comparables #2 and #3 are also very similar in dwelling size to the subject dwelling. These three comparables have improvement assessments ranging from \$28,357 to \$34,683 or from \$9.70 to \$11.59 per square foot of living area. The subject's improvement assessment of \$29,388 or \$9.46 per square foot of living area falls within the range established by the best comparables contained in this record on an overall basis, but below the range on a per-square-foot basis. After considering adjustments to the comparables for differences when compared to the subject,

the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
