

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Tuhowski
DOCKET NO.: 17-21217.001-R-1
PARCEL NO.: 02-20-310-023-0000

The parties of record before the Property Tax Appeal Board are George Tuhowski, the appellant, by attorney Ryan Schaeffges, of the Law Office of Ryan Schaeffges, P.C. in Wheeling; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,192
IMPR.: \$19,460
TOTAL: \$24,652

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,392 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a partial basement with finished area and a 2-car garage. The property has a 9,030 square foot site and is located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with multi-level dwellings of frame or frame and masonry exterior construction containing either 1,228 or 1,470 square feet of living area. The dwellings are either

44 or 46 years old. Each comparable has a partial basement with finished area and a 2-car garage, one comparable has central air conditioning and one comparable has a fireplace. The comparables have improvement assessments ranging from \$12,613 to \$19,478 or from \$10.27 to \$13.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,652. The subject property has an improvement assessment of \$19,460 or \$13.98 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,228 to 1,470 square feet of living area. The dwellings are either 46 or 47 years old and have a partial basement with finished area. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$20,363 to \$24,767 or from \$15.56 to \$16.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The parties' comparables are similar to the subject in location, design, age, dwelling size, basement, and most features. The parties' comparables have improvement assessments ranging from \$12,613 to \$24,767 or from \$10.27 to \$16.85 per square foot of living area. The subject's improvement assessment of \$19,460 or \$13.98 per square foot of living area falls within the range established by the parties' comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
