

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Sullivan
DOCKET NO.: 17-21596.001-R-1
PARCEL NO.: 15-26-104-021-0000

The parties of record before the Property Tax Appeal Board are James Sullivan, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,400
IMPR.: \$25,186
TOTAL: \$30,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,357 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a full basement with a formal recreation room, central air conditioning and a two-car garage. The property has a 6,750 square foot site and is located in North Riverside, Riverside Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement assessment. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables consist of two-story dwellings, three of which have masonry or frame and masonry exterior construction; no construction type was reported for comparable #4. The dwellings range in age

from 63 to 70 years old and range in size from 2,489 to 2,797 square feet of living area. Three of the comparables have full unfinished basements, two comparables each have central air conditioning and two comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$24,645 to \$27,570 or from \$9.06 to \$10.22 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$21,354 or \$9.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,586. The subject property has an improvement assessment of \$25,186 or \$10.69 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile of the subject. The comparables consist of two-story dwellings of frame and masonry exterior construction. The dwellings are either 66 or 67 years old and range in size from 2,216 to 2,440 square feet of living area. Each comparable has either a full or partial basement, two of which have formal recreation rooms. Each dwelling has central air conditioning, a fireplace and either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,011 to \$29,448 or from \$11.74 to \$12.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #3 and #4 due to their larger dwelling sizes, lack of air conditioning and/or lack of garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with the board of review comparables which present varying degrees of similarity to the subject in age, size, basement foundation and most features. These comparables had improvement assessments that ranged from \$25,184 to \$29,448 or from \$9.85 to \$12.33 per square foot of living area. The subject's improvement assessment of \$25,186 or \$10.69 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject dwelling, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
