

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dave Shober  
DOCKET NO.: 17-21656.001-R-1  
PARCEL NO.: 02-16-303-047-1008

The parties of record before the Property Tax Appeal Board are Dave Shober, the appellant(s), by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 2,567  
**IMPR.:** \$ 39,433  
**TOTAL:** \$ 42,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a condominium unit with a 1.0812% ownership interest in the common elements. The property is located in Palatine Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject had a market value of \$420,000 as of February 12, 2016. The appraisal states that the subject is vacant, and, therefore, it is not owner-occupied. The appellant also submitted evidence that the subject was purchased on February 24, 2016 for \$347,500, or \$321,402.15 per 1.0% of ownership interest. The printout from the MLS submitted by the appellant states that the subject was sold pursuant to a

foreclosure. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$34,750.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,371. The subject's assessment reflects a market value of \$523,710 when applying the 2017 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00%.

In support of the subject's assessment, the board of review submitted an analysis showing that 19 units in the subject's building, plus the subject, or 16.7672% of ownership, sold from January 2014 to June 2016 for an aggregate price of \$9,023,982, or \$321,402.15 to \$668,037.00 per 1.0% of ownership interest. The board of review deducted 10.0% from the aggregate sale price to account for personal property. The aggregate sales price, less the personal property deduction, was then divided by the percentage of interest of the units sold to arrive at a total market value for the building of \$48,437,437.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the sale of the subject in February 2016 for a price of \$347,500 is a "compulsory sale." A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. The Board finds that the sale of the subject in February 2016 for a price of \$347,500 is a compulsory sale, in the form of a foreclosure, based on the printout from the MLS submitted by the appellant, which states that the sale was pursuant to a foreclosure.

Finding that the sale of the subject was a compulsory sale, the question then becomes whether the compulsory sale of the subject is an arm's-length transaction such that the sale price reflects the subject's fair cash value. Indeed, "a contemporaneous sale between parties dealing at arm's-length is not only relevant to the question of fair cash market value, [citations] but would be practically conclusive on the issue of whether an assessment was at full value." People ex rel. Korzen v. Belt Ry. Co. of Chicago, 37 Ill.2d 158, 161 (1967). However, "[i]n order for the sale price of property to be used as the market value, the transaction must be between a willing buyer and a willing seller, neither of whom are under compulsion to buy or sell, and no account should

be taken of values or necessities peculiar to either party.” Id. at 164 (citing City of Chicago v. Harrison-Halsted Building Corp., 11 Ill.2d 431 (1957); Ligare v. Chicago, Madison and Northern Railroad Co., 166 Ill. 249 (1897); and City of Chicago v. Farwell, 286 Ill. 415 (1918), overruled on other grounds by Forest Preserve Dist. of Du Page County v. First Nat. Bank of Franklin Park, 2011 IL 110759). The appellant asserts that the sale of the subject was an arm’s-length transaction, while the board of review contends that it is not.

In Calumet Transfer LLC v. Property Tax Appeal Bd., 401 Ill.App.3d 652 (1st Dist. 2010), the court upheld the Board’s decision, wherein the Board allowed the intervenor to challenge the arm’s-length nature of the sale of the property, through the submission of sale comparables, pursuant to Section 1910.65(c)(4) of the Official Rules of the Property Tax Appeal Board. Calumet Transfer, 401 Ill.App.3d at 655-56; 86 Ill.Admin.Code §1910.65(c)(4) (“[p]roof of the market value of the subject property may consist of the following: 4) documentation of not fewer than three recent sales of suggested comparable properties together with documentation of the similarity, proximity and lack of distinguishing characteristics of the sales comparables to the subject property.”). Like the board of review here, the intervenor in Calumet Transfer argued that the seller was under duress to sell the property, and, therefore, the purchase price was below fair market value as evidenced by the comparable sales. Id. at 656. The court stated that, “There is no provision in the Property Tax Code that restricts [the Board’s] authority to consider such evidence. To the contrary, paragraph (4) of section 1910.65(c) specifically allows evidence of comparable property sales to prove fair market value.” Id.

In looking at the sale comparables submitted by the parties, the Board finds all of the board of review’s sale comparables, except the sale of the subject, to be most similar to the subject. These sale comparables sold for prices ranging from \$470,041.32 to \$668,037.00 per 1.0% of ownership interest. The subject’s sale price reflects a market value of \$321,402.15 per 1.0% of ownership interest, which is below the range established by the best comparables in this record. Therefore, the Board finds that the compulsory sale of the subject in February 2016 for a price of \$347,500 was below the subject’s fair market value, and, therefore, was not an arm’s-length transaction. As such, this sale has been given no weight in the Board’s analysis.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject’s assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$420,000 as of the assessment date at issue. Since market value has been established the 2017 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
