

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Cosentino
DOCKET NO.: 17-21737.001-R-1
PARCEL NO.: 02-27-414-061-0000

The parties of record before the Property Tax Appeal Board are Anthony Cosentino, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company, in Mundelein, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,519
IMPR.: \$29,019
TOTAL: \$30,538

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,361 square feet of living area. The dwelling is approximately 41 years old. Features of the home include a full basement with a formal recreation room, central air conditioning and a two-car garage. The property has a 4,675 square foot site and is located in Rolling Meadows, Palatine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property. The comparables consist of one-story dwellings of frame exterior construction. The dwellings are either 41 or 42 years old and range in size from 1,274 to 1,359 square feet of living area. Three of the dwellings have a full

basement, two of which have formal recreation rooms, and two comparables each have concrete slab foundations. Four of the dwellings each have central air conditioning and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$21,734 to \$27,071 or from \$17.06 to \$18.51 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$23,219 or \$17.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,538. The subject property has an improvement assessment of \$29,019 or \$21.32 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of one-story dwellings of frame or stucco exterior construction. The dwellings are either 37 or 41 years old and range in size from 1,311 to 1,361 square feet of living area. Each dwelling has a full or partial basement with a formal recreation room and central air conditioning. Three of the comparables each have a fireplace and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$29,010 to \$30,244 or from \$21.32 to \$22.25 per square foot of living area, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1, #2 and #3 due to their concrete slab foundations and unfinished basement, respectively, when compared to the subject's full finished basement.

The Board finds the best evidence of assessment equity to be appellant's comparables #4 and #5 along with the board of review comparables which present varying degrees of similarity to the subject in location, age, size and/or other features. These comparables had improvement assessments that ranged from \$25,148 to \$30,244 or from \$18.51 to \$22.25 per square foot of living area. The subject's improvement assessment of \$29,019 or \$21.32 per square foot of living area falls within the range established by the best comparables in this record and appears to be supported when giving due consideration for appropriate adjustments to the comparables for differences in age, size and/or fireplace amenity. Moreover, considering board of review comparable #1 which is nearly identical to the subject, the subject's improvement assessment appears to be supported. Based on this record, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
