

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marybelle Mandel  
DOCKET NO.: 17-22035.001-R-1  
PARCEL NO.: 15-26-102-029-0000

The parties of record before the Property Tax Appeal Board are Marybelle Mandel, the appellant(s), and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,069  
**IMPR.:** \$22,261  
**TOTAL:** \$28,330

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board ("PTAB") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 70-year-old, one and one-half-story dwelling of frame and masonry construction. The board of review's evidence indicates the subject improvement has 2,160 square feet of living area. The appellant indicated the subject improvement has 1,900 square feet of living area; however, the appellant did not submit evidence in support of the subject's square footage of living area. Features of the home include a full basement, central air conditioning, and a two-car garage. The property has a 7,587 square foot site located in Riverside Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables.

The appellant's brief mentions nearby sales and suggests the sales support a reduction in the subject's assessment; however, the Board notes the appellant did not indicate on the appeal form that "comparable sales" was a basis of appeal, nor did the appellant complete the PTAB appeal form's comparable sale grid sheet. As such, the Board will not consider appellant's sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,330. The subject property has an improvement assessment of \$22,261 or \$10.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

### **Conclusion of Law**

The appellant asserted the subject improvement has 1,900 square feet of living area while the board of review's evidence indicates the subject improvement has 2,160 square feet of living area. The appellant did not submit substantive evidence to support the contention that the subject improvement has 1,900 square feet of living area. Accordingly, the Board's analysis is based on the subject improvement size of 2,160 square feet of living area.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables #1 and #4. These comparables had improvement assessments that ranged from \$9.21 to \$12.32 per square foot of living area. The subject's improvement assessment of \$10.31 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
