

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: c/o Noah J. Schmidt 7225 Building Corporation
DOCKET NO.: 17-22039.001-R-1
PARCEL NO.: 23-13-201-047-0000

The parties of record before the Property Tax Appeal Board are c/o Noah J. Schmidt 7225 Building Corporation, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,100
IMPR.: \$50,726
TOTAL: \$58,826

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 20,250 square foot parcel of land improved with a 31-year old, two-story, masonry, mixed-use building containing 8,430 square feet of building area. The property is located in Palos Hills, Palos Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted a copy of an unstamped warranty deed. The petition lists the sale price of \$485,000 and a sale date of June 18, 2014. The appellant requests a 10% level of assessment.

In support of the equity argument, the appellant data on five comparables. These properties are described as one or two-story, masonry, mixed-use buildings. They range: in age from 23 to 53

years; in size from 7,620 to 14,810 square feet of building area; and in improvement assessment from \$4.12 to \$5.25 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$58,826 with an improvement assessment of \$50,726 or \$6.02 per square foot of building area. The total assessment reflects a market value of \$588,260 or \$69.78 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment, the board of review submitted four equity comparables. These properties are described as one or two-story, masonry or frame or frame and masonry, mixed-use buildings. They range: in age from 29 to 119; in size from 5,485 to 5,600 square feet of building area; and in improvement assessments from \$6.39 to \$9.06 per square foot of building area.

The board of review also submitted three sales comparables. These properties are two-story, masonry, mixed-use buildings containing from 2,400 to 3,150 square feet of building area. They sold from June 2015 to October 2016 for prices ranging from \$69.84 to \$144.04 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the appellant submitted insufficient evidence to support the sale of the subject. The deed submitted was not fully executed and did not contain the transfer stamps indicating the completion of the sale. Moreover, the Board finds the sale date of June 2014 is too far removed from the lien date in question to accurately reflect the subject's market value as of January 1, 2017. The Board further finds the board of review's three sales comparables support the subject's market value based on the assessment. Therefore, based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #5 and the board of review's comparable #2. These comparables had improvement assessments ranging from \$4.12 to \$6.39 per square foot of building area. The remaining comparables were given diminished weight due to differences in size or construction. The subject's improvement assessment of \$6.02 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
