

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carlos Delgado
DOCKET NO.: 17-22350.001-R-1
PARCEL NO.: 28-04-205-046-0000

The parties of record before the Property Tax Appeal Board are Carlos Delgado, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,105
IMPR.: \$20,422
TOTAL: \$25,527

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 21-year old, two-story, single-family dwelling of frame and masonry construction with 2,704 square feet of living area. Features of the home include: a full basement, two full and one half-bath, central air conditioning, one fireplace and a two-car garage. The property has a 12,348 square foot site and is located in Bremen Township, Cook County. The subject is classified as a class 2-78, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within a one-mile radius from the subject. They are improved with a two-story, single-family dwelling of frame or frame and masonry exterior construction. The improvements ranged: in age from 44 to

62 years; in size from 2,257 to 2,783 square feet of living area; and in improvement assessment from \$5.28 to \$8.26 per square foot. Amenities vary per property. Limited sales data was submitted for these four properties with the sales date absent, but in its place the appellant placed the word “estimate” without further explanation.

As to the subject, the appellant’s grid analysis reflects a total assessment of \$29,958 and an improvement assessment of \$24,711 or \$9.14 per square foot, even though the copy of the board of review’s decision submitted in these pleadings indicates a total assessment of \$25,527 for the subject.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,527. The subject property has an improvement assessment of \$20,280 or \$7.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, all of which are located either with a two-block radius or within the subject’s subarea. They are improved with a two-story, single-family dwelling of frame and masonry construction. The improvements ranged: in age from 10 to 25 years; in size from 2,265 to 3,203 square feet of living area; and in improvement assessment from \$9.02 to \$9.60 per square foot. Amenities include: a full basement, two full and one half-baths, and from a two-car to three-car garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the appellant’s comparables #3 and #4 as well as the board of review’s comparables #2 and #4*. These comparables had improvement assessments that ranged from \$6.55 to \$9.60 per square foot of living area. The subject's improvement assessment of \$7.50 per square foot of living area falls at the lower end of the range established by the best comparables in this record. The Board accorded diminished weight to the remaining properties due to a disparity in location, improvement age, size and/or amenities.

Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
