

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: K. Dale Shoemaker
DOCKET NO.: 17-22743.001-R-1
PARCEL NO.: 23-32-101-018-0000

The parties of record before the Property Tax Appeal Board are K. Dale Shoemaker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,995
IMPR.: \$45,249
TOTAL: \$54,244

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,764 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a partial unfinished basement, central air conditioning, one fireplace and a 1.5-car garage. The property has a 35,980 square foot site and is located in Orland Park, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame or frame and masonry exterior construction ranging in size from 3,271 to 3,790 square feet of living area. The comparables

range in age from 45 to 50 years old. Each comparable has an unfinished basement, one or two fireplaces and a 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$32,673 to \$40,255 or from \$9.77 to \$11.08 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$39,560 or \$10.51 per square foot of living area.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

The appellant's submission included a copy of the final decision from the Cook County Board of Review revealing the subject had a total assessment of \$54,244. The appellant's petition depicts the subject's improvement assessment is \$45,249 or \$12.02 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of assessment equity was submitted by the appellant. The Board finds the appellant's comparables are similar to the subject in location, design, dwelling size and features; except each comparable is significantly older than the subject requiring an upward adjustment for age. These comparables had improvement assessments ranging from \$32,673 to \$40,255 or from \$9.77 to \$11.08 per square foot of living area. The subject's improvement assessment of \$45,249 or \$12.02 per square foot of living area exceeds the assessments of the comparables in this record. However, given the subject's significantly newer age than the comparables a higher assessment is supported. The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
