

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott & Adrienne Weisenberger
DOCKET NO.: 17-22865.001-R-1
PARCEL NO.: 05-28-223-007-0000

The parties of record before the Property Tax Appeal Board are Scott & Adrienne Weisenberger, the appellants by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,250
IMPR.: \$167,958
TOTAL: \$201,208

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 5,750 square feet of living area. The dwelling is approximately 140 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a three-car garage. The property has a 17,500 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellants submitted information on three equity comparables. The comparables were improved with Class 2-09 dwellings of masonry exterior construction that are either 85 or 90 years old. Each comparable has a basement with one comparable having finished area, central air conditioning, one to five fireplaces and a three-car garage. The dwellings range in size from 6,814 to 8,928 square feet of living area and have improvement assessments ranging from \$190,226 to \$217,350 or \$24.34

and \$27.92 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$153,698 or \$26.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$201,208. The subject property has an improvement assessment of \$169,958 or \$29.21 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables were improved with Class 2-09, two-story dwellings of frame, frame and masonry, masonry or stucco exterior construction that range in size from 5,118 to 6,311 square feet of living area. The dwellings range in age from 13 to 123 years old. Each comparable has a basement, with two having finished area, central air conditioning, two or five fireplaces and a three-car garage. The comparables have improvement assessments that range from \$173,061 to \$209,227 or from \$30.49 to \$37.05 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellants' comparables #1 and # 3 due to their larger dwelling size when compared to the subject. The Board gave less weight to the board of review comparables # 3 and #4 based on their dissimilar age when compared to the subject.

The Board finds that the best evidence of assessment equity are the remaining three comparables. These comparables have varying degrees of similarity when compared to the subject in location, dwelling size and features. These comparables have improvement assessments that range from \$173,061 to \$209,227 from \$27.92 to \$37.02 per square foot of living area. The subject property has an improvement assessment of \$167,958 or \$29.21 per square foot of living area, which falls within the most similar comparables contained in this record on a square foot basis. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
