

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alfred Schretter
DOCKET NO.: 17-22867.001-R-1
PARCEL NO.: 05-27-315-010-0000

The parties of record before the Property Tax Appeal Board are Alfred Schretter, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,400
IMPR.: \$82,368
TOTAL: \$100,768

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,168 square feet of living area. The dwelling is approximately 113 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a two-car detached garage. The property has a 9,200 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables were improved with two-story dwellings¹ of frame exterior construction that

range in age from 96 to 125 years old. Each comparable has a basement with two comparables having finished area, central air conditioning, each comparables has one fireplace and each comparable has a two-car or three-car detached garage. The dwellings range in size from 3,391 to 3,847 square feet of living area and have improvement assessments ranging from \$68,776 to \$90,000 or from \$20.28 to \$23.39 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$69,918 or \$22.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,768. The subject property has an improvement assessment of \$82,368 or \$26.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables were improved with two-story dwellings of frame or stucco exterior construction that range in size from 3,181 to 3,221 square feet of living area and range in age from 103 to 115 years old. Each comparable has a basement, with one having finished area, three comparables have central air conditioning, each comparable has one fireplace and each comparable has a one-car or two-car detached garage. The comparables have improvement assessments that ranged from \$85,198 to \$99,132 or from \$26.50 to \$31.16 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 and # 3 based on their dissimilar ages when compared to the subject.

The Board finds that the best evidence of assessment equity are the remaining comparables. These comparables have varying degrees of similarity when compared to the subject in design, dwelling size and some features. These comparables have improvement assessments that range from \$80,900 to \$99,132 or from \$22.54 to \$31.16 per square foot of living area. The subject property has an improvement assessment of \$82,368 or \$26.00 per square foot of living area, which falls within the range established by the most similar comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
