

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karla Stone
DOCKET NO.: 17-22877.001-R-1
PARCEL NO.: 05-18-226-026-0000

The parties of record before the Property Tax Appeal Board are Karla Stone, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,792
IMPR.: \$64,753
TOTAL: \$84,545

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,984 square feet of living area. The dwelling is approximately 51 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 12,370 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables were improved Class 2-78 dwellings of frame or frame and masonry exterior construction that range in age from 44 to 53 years old. Each comparable has an unfinished basement, two comparables have central air conditioning, each comparable has one or two fireplaces and each comparable has either a one-car or two-car garage. The dwellings range in

size from 2,639 to 3,764 square feet of living area and have improvement assessments ranging from \$55,360 to \$78,965 or \$20.98 and \$21.73 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$63,350 or \$21.23 per square foot of living area.

The appellant submitted a copy of their "2017 Board of Review Decision" disclosing the total assessment of \$90,000. The appellant reported that the improvement assessment was \$70,208 or \$23.53 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity to be the appellant's comparables. The Board gave less weight to the appellant's comparable #2 which differs from the subject in dwelling size and lacks central air conditioning. The Board finds the remaining two comparables are similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments of \$55,360 and \$64,323 or \$20.98 and \$21.73 per square foot of living area, respectively. The subject property has an improvement assessment of \$70,208 or \$23.53 per square foot of living area, which falls above the assessments of the comparables contained in this record. The board of review did not submit any evidence in support of its assessment of the subject property as required by section 1910.40(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a). The Board has examined the evidence submitted by the appellant and finds that a reduction in the assessed valuation of the subject property is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
