

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Doug Gannett
DOCKET NO.: 17-22907.001-R-1
PARCEL NO.: 05-21-100-014-0000

The parties of record before the Property Tax Appeal Board are Doug Gannett, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,666
IMPR.: \$114,250
TOTAL: \$147,916

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction with 4,662 square feet of living area. The dwelling is approximately 101 years old. Features include a full finished basement, central air conditioning and a fireplace. The property has a 17,265 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a Class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-06 dwellings of masonry exterior construction ranging in size from 4,107 to 8,097 square feet of living area. The dwellings are 103 or 104 years old.

Each comparable has a partial unfinished or full finished basement and from one to three fireplaces. Two comparables each have central air conditioning, and two comparables each have a two-car garage. The comparables have improvement assessments ranging from \$94,790 to \$170,414 or from \$21.05 to \$23.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$105,268 or \$22.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,199. The subject property has an improvement assessment of \$122,533 or \$26.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-06 dwellings of masonry exterior construction ranging in size from 3,584 to 4,224 square feet of living area. The dwellings range in age from 75 to 96 years old. Each comparable has a full basement with two having finished area, central air conditioning, one to three fireplaces, and a two-car garage. The comparables have improvement assessments ranging from \$111,471 to \$121,328 or from \$26.39 to \$33.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review comparables #1 and #3 due to the dwellings dissimilar age and/or dwelling size when compared to the subject property.

The Board finds the best evidence of assessment equity is the appellant's comparables #2 and #3 as well as the board of review comparable #2. These three comparables are similar to the subject in location, design, and age but are smaller than the subject in dwelling size and have garages, which the subject lacks. In addition, the appellant's comparable #3 has a partial unfinished basement in comparison to the subject's full finished basement. These three comparables have improvement assessments ranging from \$94,790 to \$111,471 or from \$23.08 to \$26.39 per square foot of living area. The subject's improvement assessment of \$122,533 or \$26.28 falls above the range established by the best comparables contained in this record on an overall basis but within the range on a per-square-foot basis. After considering adjustments to these comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
