

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Cowie  
DOCKET NO.: 17-22910.001-R-1  
PARCEL NO.: 05-28-215-001-0000

The parties of record before the Property Tax Appeal Board are James Cowie, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,500  
**IMPR.:** \$116,533  
**TOTAL:** \$145,033

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of stucco exterior construction with 4,469 square feet of living area. The dwelling is approximately 111 years old. Features include a full finished basement, central air conditioning, a fireplace and a 2.5-car garage. The property has a 15,000 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a Class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with Class 2-06 dwellings ranging in size from 3,822 to 4,775 square feet of living area. The dwellings range in age from 87 to 112 years old. Each comparable has a

full basement with two having finished area, one to four fireplaces, and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$93,142 to \$119,422 or from \$23.23 to \$25.01 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$108,150 or \$24.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,033. The subject property has an improvement assessment of \$116,533 or \$26.08 per square foot of living area. In support of the assessment the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with Class 2-06 dwellings ranging in size from 3,983 to 4,250 square feet of living area. The dwellings range in age from 103 to 110 years old. Each comparable has a full basement with one having finished area, one or two fireplaces, and either a 2-car, a 3.5-car or a 4-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$111,850 to \$129,872 or from \$26.33 to \$32.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to the to the appellant's comparables #1 and #2 along with the board of review comparable #1 due to their newer age and/or significantly smaller dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables. These four comparables are similar to the subject in location, design, age, and dwelling size. The comparables have improvement assessments ranging from \$111,850 to \$123,604 or from \$25.01 to \$29.08 per square foot of living area. The subject's improvement assessment of \$116,533 or \$26.08 per square foot of living area falls within the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
