

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janet Sanzo
DOCKET NO.: 17-22920.001-R-1
PARCEL NO.: 05-27-413-024-0000

The parties of record before the Property Tax Appeal Board are Janet Sanzo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,708
IMPR.: \$88,652
TOTAL: \$111,360

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,869 square feet of living area. The dwelling is approximately 38 years old. Features of the home include a full unfinished basement, one fireplace and a two-car garage. The property has an 11,354 square foot site located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,463 to 3,707 square feet of living area. The dwellings range in age from

51 to 62 years old. The comparables have partial or full basements, one of which has finished area. Two comparables have central air conditioning. Each comparable has one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$58,400 to \$106,427 or from \$23.71 to \$28.71 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$73,360 or \$25.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,360. The subject property has an improvement assessment of \$88,652 or \$30.90 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,155 to 3,124 square feet of living area. The dwellings range in age from 29 to 60 years old. The comparables have full basements, one of which has finished area. Each comparable has central air conditioning, two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$70,598 to \$98,351 or from \$31.48 to \$35.09 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board finds that all of the comparables submitted by the parties differed substantially from the subject in design, age, dwelling size, basement and/or some features. Although none of the comparables were particularly similar to the subject, the Board notes that all of the comparables submitted had improvement assessments that ranged from \$58,400 to \$106,427 or from \$23.71 to \$35.09 per square foot of living area. The subject's improvement assessment of \$88,652 or \$30.90 per square foot of living area falls within the range established by the parties' comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
