

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Handwerker
DOCKET NO.: 17-22939.001-R-1
PARCEL NO.: 05-07-100-014-0000

The parties of record before the Property Tax Appeal Board are Michael Handwerker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,790
IMPR.: \$101,729
TOTAL: \$122,519

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction with 4,137 square feet of living area. The dwelling is approximately 21 years old. Features include a partial finished basement, central air conditioning, two fireplaces and a 2-car garage. The subject is located in Glencoe, New Trier Township, Cook County. The subject dwelling is classified as a Class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with Class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,340 to 4,784 square feet of living area. The dwellings range

in age from 32 to 52 years old. Features include a partial or full unfinished basement, central air conditioning, one or two fireplaces, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$86,815 to \$106,630 or from \$19.68 to \$22.29 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$86,050 or \$20.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,519. The subject property has an improvement assessment of \$101,729 or \$24.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. Two comparables are also located within the same block as the subject. The comparables are improved with Class 2-08 dwellings of masonry or stucco exterior construction ranging in size from 4,104 to 4,221 square feet of living area. The dwellings range in age from 12 to 22 years old. Each comparable has a full basement with two having finished area, central air conditioning, two or three fireplaces, and a 2-car, a 2.5-car, or a 3-car garage. The comparables have improvement assessments ranging from \$103,291 to \$108,427 or from \$25.01 to \$26.42 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

The appellant submitted a rebuttal critiquing the board of review's submission and pointing out only the negative adjustments when comparing the homes to the subject property

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their older ages and/or larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board gives greater weight to these comparables because they are closer in age and dwelling size to the subject property than the appellant's comparables. These four comparables have improvement assessments ranging from \$103,291 to \$108,427 or from \$25.01 to \$26.42 per square foot of living area. The subject's improvement assessment of \$101,729 or \$24.59 per square foot of living area falls below the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
