Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels. Parcel #1 has a two-story dwelling of masonry exterior construction with 3,723 square feet of living area. The dwelling is approximately 105 years old. Features of the home include a full basement with finished area, one fireplace and a 2-car garage. Parcel #2 has a land assessment with no improvement assessment to the property. The subject's two parcels are located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant submitted a copy of the final decision of the Cook County Board of Review dated December 2, 2017 for the 2017 assessment year concerning the two parcels which depicts assessments of \$125,686 for Parcel #1 (PIN 05-21-321-048-0000) and \$1,811 for Parcel #2 (PIN 05-21-321-054-0000). The subject's two parcels have a combined total assessment of \$127,497.

The attorney for the appellant submitted its "Residential Appeal" with a "Comparable Sales/Assessment Grid Analysis", "Addendum to Petition" showing a separate listing of each individual parcel's land and improvement assessments, and a supplemental "Brief" from the appellant's attorney.

The appellant contends improvement assessment inequity as the basis of the appeal for Parcel #1 and did not contest the land assessments for either of the subject's two parcels. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar class code 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,588 to 4,110 square feet of living area. The dwellings range in age from 75 to 96 years old. Each comparable has a basement with two having finished area. Each comparable has central air conditioning, either one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$83,664 to \$87,043 or from \$20.36 to \$24.26 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment for Parcel #1 be reduced to \$83,730 or \$22.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,497. The subject property has an improvement assessment of \$99,330 or \$26.68 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 2,662 to 4,080 square feet of living area. The comparables range in age from 63 to 92 years old. Each comparable has an unfinished basement, one or two fireplaces and a 1-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$66,577 to \$118,000 or from \$25.01 to \$33.68 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 and the board of review's comparables #1, #2 and #4 due to their newer ages or smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparable #3 as they are similar to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$83,664 to \$118,000 or from \$20.36 to \$28.92 per square foot of living area. The subject's improvement assessment of \$99,330 or \$26.68 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
