

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tony Asghari  
DOCKET NO.: 17-23001.001-R-1  
PARCEL NO.: 05-31-305-071-0000

The parties of record before the Property Tax Appeal Board are Tony Asghari, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,655  
**IMPR.:** \$40,538  
**TOTAL:** \$50,193

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,521 square feet of living area. The dwelling is 69 years old. Features of the home include a full finished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,164 square foot site and is located in Glenview, New Trier Township, Cook County. The subject dwelling is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,480 to 2,862 square feet of living area. The dwellings are 66

or 75 years old. Two comparables each have one fireplace. Each comparable has a partial finished or full unfinished basement, central air conditioning, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$24,635 to \$45,215 or from \$9.93 to \$15.83 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$34,916 or \$13.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,193. The subject property has an improvement assessment of \$40,538 or \$16.08 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,242 to 2,328 square feet of living area. The dwellings range in age from 64 to 78 years old. Two comparables each have a concrete slab foundation, and two comparables each have a full basement with one having finished area. Two comparables each have central air conditioning. The comparables each have one or two fireplaces and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$36,881 to \$44,511 or from \$16.45 to \$19.13 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to both parties' comparables #1 and #2 as well as the board of review comparable #4 due to their dissimilar unfinished basements or lack of a basement when compared to the subject's full finished basement.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables. These two comparables are most similar to the subject in location, design, exterior construction, foundation, and other features. These two comparables have improvement assessments of \$15.83 and \$19.13 per square foot of living area. The subject's improvement assessment of \$16.08 per square foot of living area falls between the two best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
